General George C. Marshall
The Secretary of Defense
Washington, D. C.

Dear General Marshall:

25X1

Your letter of 25 May 1951 concerning the possible use of
[redacted] by the Central Intelligence Agency as a
training site is in hand.

I note that Colonel Emmett Nations has been appointed by
Secretary Pace to represent the Department of the Army in dis-
cussions with this Agency. I am appointing Major General W. G.
Wynne, one of my Assistant Directors, to discuss this installa-
tion from an Agency point of view.

For your information I am enclosing a copy of the Central
Intelligence Agency's position in this matter, which is being
discussed in detail with Colonel Nations.

I greatly appreciate your personal interest in this assign-
ment which is of particular concern to us.

Faithfully yours,
